# Player Homepage:

The home page shows skill status (begins with Rookie), team member name, student's personal score, and more.

This student earned enough stickers (500+) to activate a **FAMILY LINK™** account. This is a full User ID that the student's family can use to compete with the student. How much FUN is it to beat mom, dad, or your big brother or sister?

The screenshot shows a player's profile page. At the top right, the username '01sox7pa' is displayed with a notification icon and a 'logout' link. Below this is a blue navigation bar with 'School', 'Rankings', and 'help/FAQs directions'. The main profile area features a circular badge with a football icon, labeled 'SKILL LEVEL Grand Champion'. Below the badge, the username '01sox7pa' is shown in red, followed by 'My score: 13,788', 'Team: 71,400', and 'School: 154,793'. A 'Sound Disabled' checkbox is visible. A green arrow points from the text 'Student Badges are editable and they can earn special icons!' to the skill level badge. Below the profile information is a green 'Path Finder' button. A 'What's New?' section shows a news item dated 7/22/2017 about Mountain View ES being honored as a 2016-17 Top FIM School. At the bottom, a 'Family Link' section is circled in green, containing the following information: 'User: 51sox7pa', 'Score: 470', 'Family Score: 14,258', and a 'Show Password' link. A green arrow points from the text 'This student earned enough stickers (500+) to activate a FAMILY LINK™ account...' to this circled section.

Student Badges are editable and they can earn special icons!

# Additional Help:

- If you get stuck or need additional help, there are directions for each and every game available under **DIRECTIONS**. They will teach you how to play, and about the scoring/stickers awarded for each game. (It varies).
- Feel free to allow students to explore this site as much as they want!
