

First In Math® is a Math Practice Resource

First in math®

PARENTS!

FamilyLink® Parent Connection | **FREE User ID**

The New York State Department of Education has selected the First In Math Online Program as a resource to support STEM readiness for students throughout the state in grades K through 5. Access to this proven PRACTICE program is FREE to all schools. Students who use this online math resource will be provided with one FAMILYLINK User ID & Password, allowing their family to sample this unique, online curriculum supplement. *Support is an essential component of the education process—this First In Math FamilyLink login allows access to actual curriculum-based content, facilitating the connection between home and school.*

How do I get my/our FamilyLink® login?

FamilyLink info appears on your student's Homepage, in the bottom right corner. FL players have full access to site content 24/7. Go to firstinmath.com to log in with your User ID/Password!

Welcome to the First In Math family!

Our student-centered activities increase problem-solving and critical-thinking abilities, and boost vital math skills for every type of learner. Encourage 10 or 15 minutes of math exploration each day! *Visit the FIM HELP PAGE for more information, troubleshooting, FAQ's & more.*
